Partnerships between the university, Alberta Health Services and the community, our research institutes are collaborative organizing vehicles with the capability to bring rapid innovation to patients:

Alberta Children’s Hospital Research Institute for Child and Maternal Health
Calvin, Phoebe and Joan Snyder Institute for Chronic Diseases
Hotchkiss Brain Institute
O’Brien Institute for Public Health
Libin Cardiovascular Institute of Alberta
McCaig Institute for Bone and Joint Health
Southern Alberta Cancer Research Institute
We are committed to responding to the needs of Albertans through research and education. Our presence in communities outside of Calgary has steadily grown since 2000 through Distributed Learning and Rural Initiatives.

We are RURAL
Rural Training Sites 2014/15 Academic Year
This map represents a snapshot of global health activities undertaken by members of the Cumming School of Medicine (CSM). Each year, the CSM sends students, clerks and residents on electives and research trips to countries around the world. There are also hundreds of international students pursuing degrees at the Cumming School.
